

February 3, 2009

Greetings Fellow Educator;

This is an official letter from Andrews University to inform you of the upcoming Courage to Stand International Pathfinder Camporee happening August 11-15, 2009 in Oshkosh, Wisconsin.

The Pathfinder club is a coed group similar to Boy/Girl Scout clubs. It is a worldwide organization sponsored as a community service by the Seventh-day Adventist Church. There are 29,160 clubs operating in 130 countries with a worldwide membership of over 1 million Pathfinders.

Some of these Pathfinder clubs are found in your area and are planning to attend the Courage to Stand International Camporee, an event that takes place every 5 years.

The Courage to Stand International Pathfinder Camporee is a once-in-a-lifetime event for most Pathfinders. They will meet other Pathfinders from all over the world, participate in various community activities, while learning vocational and leadership skills.

If you have any questions about why you should approve your student, _____, to attend this unique 30,000 person world class event, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Ron Whitehead". The signature is written in a cursive, flowing style.

Ron Whitehead
Camporee Executive Director
